Schools, amount required by law,	1830 00
Highways and sidewalks, 1-2 of one per cent. on assessed valuation	3580 28

## Selectmen's Report.

---

*To the Citizens and Taxpayers of Bethlehem :—*

We herewith submit our report of the affairs of the town for the fiscal year ending February 15, 1904.

It has not been customary in years past to divide the Literary and school funds (received from the state Dec. 15 of each year) and the dog licenses at the close of the fiscal year in which it is received, the amount being carried over as belonging to the town, and the amount thus carried over last year was \$391.67 due the town district, and \$462.95 due the village district. There were also bills due at the close of the last fiscal year amounting to \$302.06 which we have paid.

The bonded indebtedness as shown by last years report was \$2700, but we find that there are three bonds of \$100 each which have not been included in the liabilities for some years ; therefore, although we have paid \$1000 the bonded indebtedness is still \$2000.

There was also interest amounting to \$170 due on outstanding notes at the close of the year that was not in the report.

Altogether the amount as shown above which should have shown against the town last year,—besides what was shown,—is \$1626.68.

Feeling it advisable that all such matters be cleaned up at the close of each fiscal year, that you may know just how the town stands financially, we have taken pains to look up and pay every bill against the town and feel confident that there are none of any amount except two that were not presented and are shown with the other liabilities. Every order given by us has been paid by the treasurer.

It has been the custom always (as far as we know) to let these matters run over from one year to another, therefore what we say is not intended as a criticism of the last board, as they were following the custom.

We have had a new and extraordinary expense amounting to \$435.04 for fighting forest fires, which, under the statute, we were obliged to pay.

Two lawsuits commenced in 1902 have been settled at an expense of \$264.30.

As may be seen by the treasurer's record of outstanding notes the town has practically borrowed money the past few years to meet its bonds and we would recommend that enough money be raised each year to pay besides the current expenses, \$1000 on indebtedness without being obliged to borrow.

Respectfully submitted,

O. B. HILDRETH,	}	Selectmen.
GEO. H. TURNER,		
MICHAEL FINN.		

## Bills Paid by Selectmen.
